

MasterControl and Luceats Consulting Announce Partnership to promote Quality Solutions

MARLBORO, NJ , USA – July 2, 2019 - Luceats Consulting and MasterControl Inc. today announced a new partnership designed to promote industry-leading quality and compliance solutions to companies across the USA and India.

This partnership will provide a seamless collaboration of regulatory expertise and enterprise-level best practices. MasterControl offers a cloud-based software solution for life sciences companies allowing them to digitize, automate and connect quality and compliance processes at every stage of the product lifecycle while accelerating time to market and reducing risk. These solutions will now become part of the Luceats Consulting strategic offering.

“By connecting multiple solutions throughout the product lifecycle, MasterControl empowers companies to achieve new levels of operational excellence and efficiency by converting paper-based or hybrid systems to a comprehensive digital platform,” said Sara Bresee, EVP of Marketing and Partner Program at MasterControl. “We are thrilled to have Luceats Consulting as a partner in the U.S. and the fast-growing India market the help us in our mission to bring life-changing products to more people sooner.

“We aim to provide best solutions and services to help our clients succeed” said Pragati Dakwale, Founder and CEO of Luceats Consulting. As we incorporate MasterControl Quality Management solutions with Robotic Process Automation initiatives, would surely address next level to maturity & success in compliance and regulatory. We looked for a partner who could deliver innovative products that meet the demands of today’s complex business environments. MasterControl quickly emerged as a leader.
